World War I	(VETERAN WWI)
World War II	(VETERAN WWII)
2 Wars	(VETERAN 2 WARS)
3 Wars	(VETERAN 3 WARS)

Helpful Hints:

Always type the word, New, in parentheses, that is, (New), after the given name(s) of the Veteran. This serves to alert the Veteran Memorial Coordinator that a record is available for his review and approval after the County Coordinator has approved the record for archival.

Senior and Junior titles are always abbreviated after the Surname: e.g., Smith, Jr (Veteran WWII)

Periods should not be placed after initials in a name: e.g. W A

A Veteran's rank or rate is always written in all caps and spelled out: e.g., SERGEANT FIRST CLASS. Non-commissioned officers in the Navy do not have ranks, but rather have rates. Only commissioned officers in the Navy are ranked. However, if you are unfamiliar with the meaning of a certain military abbreviation, you may submit the information as written on the gravestone.

Dates are always spelled out, that is, without abbreviations, and a space before and after the hyphen: e.g. March 1, 1930 – July 2, 2007

If there are no dates on the stone insert the words, Death date unknown

Medals and awards should be spelled out and listed after the dates. Again, if you are not familiar with the meaning of certain abbreviations, submit the information as written on the gravestone.

Very often the military memorial gravestone is the only marker for a veteran's grave. Thus, in such cases, any additional biographical information you may have about the veteran will be appreciated. Skip a line below the military service information then insert the biographical information.

NOTE – On a Civilian gravestone that does not indicate a Veteran's military service; but, you know the person was a Veteran based on your personal knowledge or the Veteran's service information was included in an obituary, be sure to add the Veteran information after the surname, add (new) after the given name(s), and add the Veteran's service information in the comments. Skip a space after the service information and insert your source.
